WHAT MAKES US DIFFERENT

Not your average charger company.

Night-time safety focused

A dead phone leaves customers vulnerable. We keep them charged, connected and safe — every charge supports a secure journey home.

Unbeatable value

The best rates in the UK with zero deposits. We'll beat any competitor's price — no complications, no catch.

Charging with purpose

We back night-time safety through partnerships with women's, LGBT+ and community organisations. Real change, real impact.

Reliability redefined

24/7 support. Weekly maintenance. Zero effort from your venue. We handle everything, every time.

WHY IT WORKS

The numbers behind it.

Dead phones leave early. Charged customers stay, order another round, and tell their mates where they are.

ALL VERSIONS

Built to fit your venue.

- 1 Personalised branding**
Machines and power banks carry your logo, colours and marketing — blending in like they belong there.
- 2 Modular design**
From a countertop unit to a floor-standing tower — we size the kit to your space, not the other way round.
- 3 Wi-Fi & 4G built in**
Works straight out of the box. No IT setup, no router faff — just plug in and go.

BUILT FOR YOUR KIND OF PLACE

What it does for **your venue.**

Bars & pubs

Another round, a later night — guests stay instead of heading home.

Nightclubs & late-night

Every guest gets home safe with a working phone. A real duty-of-care win.

Cafés & coffee shops

Become the spot people pick to settle in — and order another flat white.

Restaurants

Looked-after guests linger over dessert, book again, leave a warmer review.

Gyms & studios

Members train longer when their phone and playlist won't die mid-session.

Hotels & large venues

A touch guests remember — and income across lobby, bar and floors.

You earn on every charge.

Monthly payments, no delays

Your revenue lands on the dot, every month, straight to your account.

Zero effort for your staff

No targets, no thresholds, no work on your end. We run it all.

Happier, safer customers

A free perk customers love — that quietly pays you back.

Detailed monthly reports

Full visibility of every charge and every payment in your dashboard.

GOOD QUESTIONS

The bits venues always ask.

What does it cost us?

Nothing. No upfront cost, no rental fee — we install it free and you earn commission on every charge.

Do we need wiring or building work?

No. Our stations run from a standard plug socket — no electrician, no construction, no IT setup.

Can it be branded with our logo?

Yes. The station and the power banks carry your logo, colours and campaign messaging.

What if a unit stops working?

We monitor every station remotely and arrange a fix or swap — you don't lift a finger.

How long does setup take?

Minutes. We book a demo day, come to you, and plug the station into a single socket — fully set up in under five minutes.

Is there a contract or tie-in?

We start with a free trial. If it isn't working for you, we take it away — no fuss, no exit fee.

LET'S WORK TOGETHER

Let's power up your venue.

No upfront cost. No commitment. Plugged in and live in minutes.
